

Vela X-ray

Vela X-ray is a stable and safe work chair, very suitable for different kinds of seated x-ray with the electric height adjustment, the pair-locked castors and an ergonomic backrest.

With the help of the sturdy armrests and the robust base, the patient may easily get on and off themselves.

Base

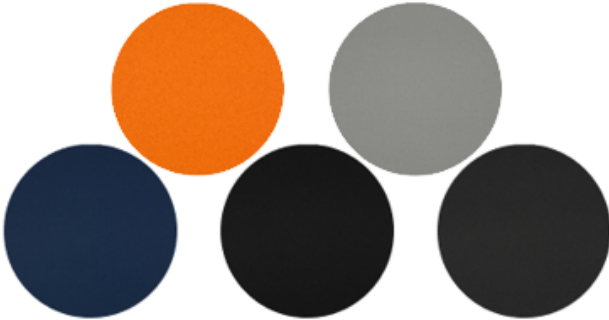

The sturdy base with pair-locked castors back provides a comfortable and safe feeling. Also available with central locking base, i.e. all four castors at the same time.

Seat

Seat may be tilted forward, which helps when getting on and off.

Artificial leather

The Compound artificial leather has a nice surface that doesn't feel slippery and sweaty. Black is standard, others available.

Cleaning/disinfecting

Compound fulfil all high demands for medical use, with solutions up to 70-85% alcohol and chlore disinfection (1000-1200 ppm). After disinfecting, do a cold water wipe-off.

Armrests

Adjustable in height and sideways. They can be lowered level to the seat so that it's easy to transfer sideways too.

Backrest

Adjustable up, down and in depth.

Dimensions

Seat height 42-62 cm
 Seat size 44x44 cm
