

Vela Ophthalmology Move

Vela Ophthalmology Move is an electric adjustable chair for examination of eyes. With its electric height adjustment, a sturdy handle, pair-locked castors and a footrest for the patient, it's an ideal chair for elderly or disabled. The sturdy handles also helps while a patient gets on and off the chair.

Height adjustable electric via hand control 42-62 cm.
Electric adjustment makes it easy to reach ideal height.

Armrests

Height adjustable from seat 0-24 cm, pad size 9x30 cm.

Castors

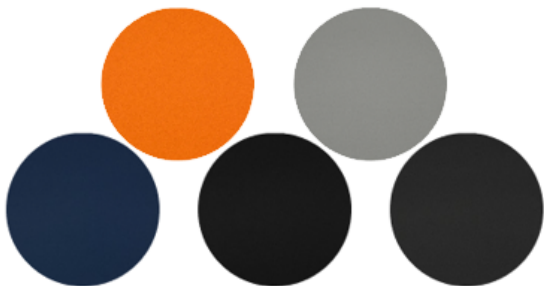

The sturdy castors together with the steering handle helps moving the patient between different machines and places in the room. Pair-locked castors via a pedal placed back, as is the steering handle.

Backrest

Ergonomic, size 37x30 cm.

Artificial leather

The Compound artificial leather has a nice surface that doesn't feel slippery and sweaty. Black is standard, others available.

Cleaning/disinfecting

Compound fulfil all high demands for medical use, with solutions up to 70-85% alcohol and chlore disinfection (1000-1200 ppm). After disinfecting, do a cold water wipe-off.
